

Distribution Board - xBoard Egypt

Safest, simplest and efficient system for power distribution

EATON

Powering Business Worldwide

Energizing a world that demands more.

Discover today's Eaton.

Powering business worldwide

As a global power management company, we help customers worldwide manage the power needed for buildings, aircraft, trucks, cars, machinery and businesses.

Eaton's innovative technologies help customers manage electrical, hydraulic and mechanical power more reliably, efficiently, safely and sustainably.

Powering Business Worldwide

We deliver:

Electrical solutions that use less energy, improve power reliability and make the places we live and work safer and more comfortable. We provide integrated solutions that help make energy, in all its forms, more practical and accessible. With revenues of \$19.6 billion in 2021, Eaton has approximately 100,000 employees around the world and serves customers in more than 170 countries.

Eaton's electrical business

Eaton is a global leader with expertise in:

- Power distribution and circuit protection
- Backup power protection
- Solutions for harsh and hazardous environments
- Lighting and security
- Structural solutions and wiring devices
- Control and automation
- Engineering services

Eaton is positioned through its global solutions to answer today's most critical electrical power management challenges. With 100 years of electrical experience behind us, we're energized by the challenge of powering up a world that demands twice as much energy as today. We're anticipating needs, engineering products and creating solutions to energize our markets today and in the future.

We are dedicated to ensuring that reliable, efficient and safe power is available when it's needed most.

Product overview

xBoard TPN Distribution Board (Type -1)

xBoard TPN Distribution Board (Type -2)

General characteristics

Our inspirations are our customer's expectations and our mission is to meet them and provide satisfaction through quality products, services and delivery.

Eaton's xBoard Egypt range of distribution solutions is the basis for development and growth in meeting the demands for a successful future in all segments.

The Distribution Board is designed as per IEC 61439-3 standard

- It is easy to select, install and use.
- It is fitted with a removable and adjustable chassis.
- The front door is removable and reversible.
- For convenience and easy access the gland plates on the top and bottom are removable.

Product overview

- Available in flush and surface mounting design.
- Colour available as standard RAL 7035 and other colours are available upon request.
- Incomer options: MCBs and MCCBs.
- Complete with earth and neutral terminals suitable for 25mm² wire.

Accessories

Blanking plate

Technical data

Standard: IEC 61439-3.

Voltage range: 3-Phase, rated voltage 240/415V, 50/60Hz.

Short-circuit withstand strength (I_{cw}) : 17.5kA for 0.25sec, I_{pk}: 35kA

Degree of protection: Indoor use IP4x.

Mechanical impact: IK08.

Enclosure material: Cold rolled sheet steel, box, cover 1 mm and 1.25 mm pan assembly mounting plate.

xBoard TPN Distribution Board (Type -1)

Rated busbar max. capacity: 125A.

No. of TP (SP) ways: 4(12), 6(18), 8(24), 10(30), 12(36), 14(42)
16(48), 18(54), 20(60).

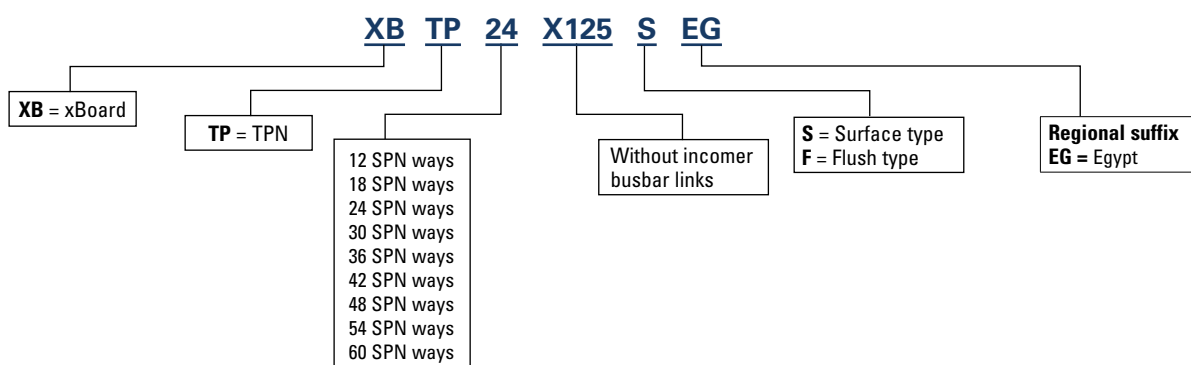

*Type -1: Distribution boards with different incomer options

			54	18	XBTP54MCBSEG	762	360	102
			60	20	XBTP60MCBSEG	816	360	102

- Minimum ordering requirement: distribution board + incoming device + outgoing devices + blanking plates.

Blank plate

Technical specifications

- Unique blanking modules can be used to cover unused outgoing ways. The blanking module is the profile of an MCB,so that it shrouds the busbar stab as well for increased safety.
- Hence, the blanking plates are used to cover unused MCB ways in the distribution boards front cover.
- Available in grey color(similar to RAL 7035).

Part number	Description	Eaton List number
XBBLKPLT3	3 pole blank plate	187599

Selection of incomers and outgoers

xBoard TPN Distribution Board (Type -1)

xBoard TPN Distribution Board (Type -2)

Outgoing devices

Eaton's mMC, HL, & HN range of MCBs

- Up to 63A
- 4.5kA/6kA/10kA
- 1P, 2P and 3P

Eaton's eRBM range of RCBOs

- Up to 45A
- 1P + N
- 10/30/100/300mA

Incoming devices

Eaton's range of din rail incomers

- mMC Range of MCBs - 3P

Eaton's range of MCCBs

- NZM1 MCCBs - 3P
- BZM1-BT* MCCBs - 3P

*BZM1-BT: Box terminal type
